PROFESSIONAL SUMMARY

Dedicated Computer Applications graduate with strong foundation in Data Science, Machine Learning and Web Technologies. Proficient in Python, data analysis, and predictive modeling. Passionate about building data-driven solutions, developing machine learning models, and creating interactive applications using modern tools and technologies.

TECHNICAL EXPERTISE

- **Programming:** Python
- **Data Science:** Data Cleaning, EDA, Feature Engineering
- **Machine Learning:** Regression, Random Forest, KNN, Clustering
- **Databases:** SQL
- **Web Tech:** HTML, CSS, Streamlit, Flask
- **Tools:** GitHub, VS Code, Jupyter Notebook, MS Word

PROFESSIONAL EXPERIENCE

Data Science Intern-AI Variant

Oct 2025 – Jan 2026

- Completed data preprocessing and EDA tasks
- Built machine learning models
- Used Pandas, NumPy, Scikit-Learn

TECHNICAL PROJECTS

Solar Power Prediction

Objective: Developed ML model to predict solar power generation

Tools Used: Python, Scikit-Learn, Linear Regression, Random Forest

Approach: Performed feature engineering on weather dataset

Conclusion: Achieved accurate prediction of solar energy output

Stock Price Prediction

Objective: Built machine learning model to predict stock prices using historical data

Tools Used: Python, Machine Learning, Streamlit

Approach: Performed data preprocessing, feature engineering and visualization; implemented regression algorithms and evaluated performance

Conclusion: Developed interactive Streamlit web app for real-time prediction

Resume Classification System

Objective: Built NLP model to classify resumes

Tools Used: Python, NLP, TF-IDF, Machine Learning, Streamlit

Approach: Applied TF-IDF and ML algorithms for classification

Conclusion: Developed interactive Streamlit interface for resume classification

EDUCATION

Bachelor of Computer Applications

Karnataka Science College Dharwad

2022 – 2025

CGPA: 8.22

PUC

Tungal Science Composite PU College Jamakhandi

2022

73.33%

SSLC

Shree Swamivivekanand Highschool Gandal

2020

92.48%
